ADEL ABDULAZEEM

Software Developer

SUMMARY

Creative, detail-oriented, software developer with a deep interest in AI. Proven track record of creating and implementing successful front and back end web applications. Looking to bring my skills to a tech company with global reach.

WORK EXPERIENCE

Software Developer at 100devs, Remote

March 2023 — Present

- Collaborated with a team of developers to build modern and responsive web applications using best practices
- Built semantically structured full-stack web applications
- Applied agile methodologies like SCRUM for project management

Recent Projects:

Chairs Store Co (Full-stack Web App) – The User can browse the store list of the store products knowing the defining info about each product having the ability to see the product image, price, and detailed info. Users can login to their profiles then browsing the list of products adding each product they are interested in to the cart then after finishing they can submit online ordering to their cart items then track their order.

Happy Notes (Full-stack Web App) – Users can login to their profile and find their list of notes. They can add new notes through an input, which they can then edit or delete all notes in their profile.

Other Projects: Pizza Restaurant website, Hair Salon website and many more

Full Stack Web Developer at Adel's Consulting

November 2022 — Present

Created full-stack web applications and static websites for different clients across small and medium-sized businesses. Also, I consulted on SEO and social media strategy. Some clients included:

Actual Client –

Approval Officer at NextCare | Cairo, Egypt

December 2021 — October 2022

Issue online approvals to our providers for eligible services and respond to online requests and inquiries from our services providers (Hospitals – Clinics – Pharmacies) by following standard scripts and procedures.
